EDUCATION

- **MGM's College of Engineering, Nanded, India**
Bachelor of Technology in Computer Science; CGPA: 6.44 Nov 2022 – Present
- **Vishwanathappa Hurne Jr. College, Nanded, India**
Higher Secondary Certificate (HSC); Percentage: 78.5 2022
- **Gyan Mata Vidya Vihar, Nanded, India**
Central Board of Secondary Education (CBSE); Percentage: 58 2020

TECHNICAL SKILLS

- **Programming Languages:** C++, Python
- **Full Stack Development:** HTML, CSS, JavaScript, MERN Stack (MongoDB, Express.js, React.js, Node.js)
- **Database Management:** MySQL, MongoDB, Firebase
- **Core Competencies:** Data Structures and Algorithms, Object-Oriented Programming, Problem Solving
- **Tools & Technologies:** Git, GitHub, Visual Studio Code, Google Cloud Platform

PROJECTS

- **TechElevate: Interview Preparation Website** GitHub
 - Built to address the lack of structured guidance and practice resources for students preparing for placements, streamlining the preparation journey with organized tools and content by using HTML, CSS, JavaScript, Python (Flask), MongoDB, AJAX (for real-time validations)
 - Scalable infrastructure enables support for a growing user base and future expansions such as Resume Analyzer, AI Interviewer and Study Rooms.
- **ReadPersona: Persona Extraction Website** GitHub
 - Designed an AI system that ingests PDF documents and generates personalized, persona-aware reading paths and navigation maps using user cognitive profiles and reading goals by using PyMuPDF, SpaCy, KeyBERT, YAKE, Sumy, MiniLM (all-MiniLM-L6-v2) via ONNX Runtime, NetworkX, scikit-learn, transformers, ONNX Runtime.
- **AgriGuard: ML-Based Crop Disease Detection System** GitHub
 - Built a machine learning model to detect and classify crop diseases using leaf image datasets to assist farmers in early diagnosis and treatment by using Python, TensorFlow, OpenCV, NumPy, Streamlit
 - Achieved high classification accuracy with CNN-based image processing and deployed an interactive UI for user-friendly predictions.

KEY COURSES AND WORKSHOPS

- **IOT Workshop:** By Technex IIT Varanasi. Certificate
- **Programming Fundamentals using Python:** By Infosys SpringBoard. Certificate
- **Microsoft Learn Cloud Skill Challenge:** By Microsoft. Certificate
- **2024 Solution Challenge:** By Google Developer Students Club. Certificate
- **Generative AI for Students:** Conducted by NXT WAVE at Certificate

POSITIONS OF RESPONSIBILITY

- **Joint Secretary, IEI Council, MGMCE Nanded** 2024
Organized events and technical activities in collaboration with council members.
- **Corporate-Relations Head, TNP Council, MGMCE Nanded** 2024
Built professional relationships and ensured smooth placement activities.
- **HackSpectra Volunteer, State Level Hackathon, MGMCE Nanded** 2025
Organized a state level hackathon by CSE department.

ACHIEVEMENTS

- **IoT:** Secured 1st Position in IoT Workshop by Technex, IIT Varanasi at MGMCE, Nanded. Certificate
- **IoT Competition at IIT Varanasi:** Secured 4th Position in the Final Round.
